INFORMATION DISCLOSURE STATEMENT

This is an Information Disclosure Statement filed in accordance with 37 CFR 1.98, within the time specified in 37 CFR 1.97(b).

Attached is a Form PTO/SB/08 identifying each of the four (4) references cited in the International Search Report, copy enclosed, issued by the European Patent Office on May 23, 2005, in connection with the above-identified International application. Copies of the cited German reference and of the two cited British references. As can be seen from the Search Report, the German reference was considered by the Examiner to be in Category X with regard to claims 1-7 and in

category Y with regard to claims 8 and 9 as originally filed in the International application (PCT). Moreover, the cited British reference GB 2 323 207 and the cited U.S reference were considered by the Examiner to be in Category Y with regard to respective claims 8 and 4 as originally filed in the International application. However, the presently pending claims were found to be allowable over the cited references in the International Preliminary Examination Report (IPER)

Since all requirements for the filing of Information Disclosure Statements have been complied with, it is requested that the Examiner consider all of the identified references and indicate such consideration by enclosing a properly initialed copy of the enclosed Form PTO/SB/08 with the initial Office Action.

Respectfully submitted,
